“ We had made so many memories in a short 2 and 1/2 yrs it was insane! I've never met someone who could make me laugh like u did! From our stupid fights to our late night chats and rare heart to hearts, only when I could get u to open up! I wouldn't wanted to have spent any of that time with anyone else besides U. U always made me feel comfortable in my own skin and i always told u how much I could feel that u cared and loved me and how special that was to me. Just as much as I did u as well! We went through a whole heck of a lot in a short period of time.. u Taught me how to do my makeup the right way lol "contour out the door! " To watching Jeffrey Starr videos. To ur makeup videos, which Jy and Ky loved being in! I still have ppl ask me if ur still selling younique and doin ur makeup videos cuz they would watch u!! U were a jack of all trades. U had so many talents D. I miss u so much. More than u would ever know... And becuz we weren't on the greatest of terms , I was just thinkin about messaging u to talk and clear the air... Now I can't.. idk how many times I just would go to message u or text u then realize, I really can't.. now, I talk to u out loud, in my room hoping u hear me... I feel lost with u not around. This was myfirst birthday without u.. it was a tough one.. i just pray u are at peace, finally and that u can rest and r healed from all ur brokenness and pain. I hope Brian met u at those pearly gates.. I miss u.. so much. Love always.. Britt
