“ Dear Norton Family

We are so sorry to hear of Shag's passing. We have many memories of Shag and Marguerite when they lived in Dimmeydale. Now he is pain-free and reunited with his son. May good memories help you at this difficult time.

“ *The Spieth Family sends our deepest sympathy. We have fond memories of the special friendship Shag had with our beloved schnauzer Lucy. Every afternoon Lucy would drag us down Greenwood Avenue to Shag and Marguerite's front porch for a special treat. It was the highlight of Lucy's day, and I suspect it was for Shag as well. The attached photo is a screenshot from my old phone. I don't know how to get it off the old phone, so the quality is poor, but it was taken 10 years ago, a few months before we moved away.*

Our love and prayers are with you at this sad time. Barbara and Jerry Spieth
