“ My fondest memories growing up in Pittsburgh will always include my 'Aunt Dolly' as we all remember her with that name. For me she was the free spirit of all my Dads siblings, always ready with a joke or funny story. The last time my brother Don and I paid her a visit we got to see her collection of items she had bought from TV shopping clubs - every nook and cranny was packed with goodies! We still laugh about that visit...when we asked her why she needed six hand mixers; her reply was always "well you just never know what's going to happen". I never saw her without a smile and her humor was contagious especially when she was together with hubby Bill Koch aka Cookie. As we grew older and developed an interest in family heritage Aunt Doll was a treasure trove of information that helped us in our quest. It saddens my heart knowing that this generational chapter of the family has closed.

Love You Always

Lon

“ Aunt Dolly, you always made me feel special and I have many fond memories. Now you are at peace with Uncle Bill and all of your brothers and sisters.

Love,

Wendy (Williams) and Joe Tverdos
