“ Throughout my career as a Police officer for south park i developed a friendship with Dave, he was a friend who if he could do anything for you, I recently this summer worked closely with Dave as he gave me wood from a construction site where he was working, he was a top excavator and operated it all. I will miss him.

“ Dave worked with my husband Paul in our construction business for many, many years. My funniest memory of Dave is how my German Shepard, Bear, would nip him on his butt every time he would go into our garage. Never did any damage but Dave would really jump. Bear seemed to sneak up on him every time because he was always watching for him. He was too young to go. Myrna Valdiserri

How did we get from 1961 to 2015 I will never know. The Marcucci Family lived right down the road from me on Cochran Mill and we played together as children. My one memory is climbing the oak tree behind their house when we got ourselves caught up in a hive of bees. I don't think any of us ran as fast as we did ever again and each of us got a stinger. My condolences to his family, Joey and Kim. Let us never forget the days of Gill Hall when we were young and life was sweet and free. God bless you all ...
