“ *Ron and Randy, don't know if you remember me. I dated Roy back in college. After Roy died, your mother was kind enough to call me and to send me photos she had found in Roy's things. She was a very kind lady. You have my sympathies.*

“ Evelyn loved golf and it was through golf that we became dear friends. More than 20 years ago, I was invited to be the fourth in her weekly golf group. I was then in my 60's and had never been on a golf course and didn't know the rules. With Evelyns' help and encouragement, I too fell in love with the sport and am still golfing 20+ years later. Our friendship grew through long visits, shopping trips, doctors visits, and many phone calls where we shared our friends and families with each other. I am grateful for the blessing of having known the warm, thoughtful and loving friend Evelyn was and I will miss her very much.

“ Evelyn was my dear friend. We met in 7th grade at Brentwood High School and have remained friends all these years. Although we saw each other only at reunions and occasional visits through the years ,we did speak by phone most Mondays. I sure will miss these calls. Thank you Faith for helping Evelyn.
