“ *Laura, I'm still in shock learning of your passing! It was a pleasure working with you the past 15 years. Besides work you also were my friend. I'll never forget the birthday parties you, Angel and I had at work and still did our jobs.*

Laura you went through a lot in life with your chemo, radiation for breast CA, Covid - Taking everything like a trooper, never complaining, going back to work. I admire you most of all for your strength with the passing of Bill and Shel.

May you have Eternal rest my dear friend and be reunited with Bill and Shel and all your other love ones you lost. Memory Eternal Laura!!

“ *Laura Jean... my work bestie. My second mom. It's taken me a good couple hours here, to think of what to say. I still don't have the words. Thank you for putting up w/ me for the last 15 years. I don't know how I got through work w/o you, & I'm not sure how I'll be able to do it now. I'll miss calling you to complain, or hearing about your day, Lily barking at nothing, in the background lol. Sending you pictures of Johnny Depp, because you adored him.*

I'm smiling, though, because you're back w/ Bill & Shel.

This just doesn't seem/feel real :(

“ *Laura was a great boss and helped a lot when I would get frazzled and I just hope she knows we will think of her often and miss her always*
