“ Oh my so much to say I will miss you my dear ... dear ... Mary Lou and so proud to have been part of your life for the 67 years of mine. You have laughed with me, and yes, AT ME as you use to chase me across the graveled covered driveway in your BARE FEET (which was your favorite "unshoe" way to live) which I always thought was a good escape from being tickled. We shared our love for animals ... especially our dogs whom greeted you as you crossed the Rainbow Bridge ... and the love we had for our families and friends in Gill Hall. May you rest in peace, my friend, as you fly free in the world no longer attached to the confines of the body. And please give a hug to all who have gone before me ... I will always love you ... blessings ... Nancy
