“ Vince, thank you for everything you've done for me over the years, you taught me so much about working on cars, you are easily the best autobody man I've ever met. Besides working side by side for so long we've spent so much time together in the outdoors whether it be hunting, fishing, camping or quad riding and there was never a dull moment. I don't know if it's possible for you to rest in peace but please do so until we meet again my friend
